

Budget Record Form
Information
ACE II

INFORMATION:

Your car insurance is paid partially by you and partially by your parents. You pay \$300 every 6 months.

You have a job at the local 'Dairy Delight'. You work an average of 13 hours/week, making a wage of \$8.20/hour. You are a cook there.

Cell phone usage is a flat fee of \$86 every two months.

Shopping is not really your thing, so you don't buy a lot of clothes. In a year, you spend about \$200 on clothes.

Your parents give you a weekly allowance for chores around the house. That is \$180 every four months.

At school, you buy your own snacks, which estimate about \$3/day.

Your cash on hand is \$75.00.

Your car payment is \$728/year.

On the weekends, you enjoy going to a movie and a restaurant with your best friend. But, you've found that you can only do that twice/month because each time you spend \$30.

DIRECTIONS:

Prepare a budget on the "Budget Record Form" for a month. Use your name as the person. Create your own names/categories for the expenses. If you need to add a category for the "income", add it above the "Cash on Hand". Use the month we are in as the time you are preparing this budget.
