

ACE  
Writing Prompt

Name: \_\_\_\_\_ Date: \_\_\_\_\_

There are people who would agree that “soup kitchens” are beneficial and should continue to exist. Then, the other side says that the government should intervene and set regulations in these kitchens.

Debate this issue from both sides. Your paragraph should be 6-8 sentences long. Make sure you capitalize at the beginning of sentences and proper nouns. Use correct punctuation at the end of each sentence. Do not start a sentence with “And”, and if you use “I”, capitalize it.

Concentrate on the content of your paragraph. Make sure you are focusing on the issue: debate BOTH sides. You may have an opinion as to whether you agree or disagree with this, but don't show it in your paragraph.
