INFORMATION YOU NEED TO BE AWARE OF BEFORE YOU PRESENT:

- You will not be relying on any text but visuals. Be sure you are comfortable with that before presenting it to the class.
- Practice, practice, practice! Know what you have to say when those slides come up. You have 25 seconds/slide. If you don't have enough pictures on each slide, 25 seconds becomes very long.
- If you don't speak for the 25 seconds/slide, then on your rubric, I will tally the number of slides where you stopped early and then deduct those points.
- Refer to your job shadow notes to determine what it is you want to share with the class (for information).
- If you haven't done your job shadow by the time of your presentation, then you will lose points on this assignment, too.
- Keep talking!! (chit-chat)
