

Name: _____

Date: _____

After listening to the responses on the 7 inventions,
respond (in writing) to these questions:

1. What is the difference between an invention and an idea?
2. What did these inventors have in common? (list at least one thing)
3. What is “innovative thinking”?
4. Was this a new product or process or was this person finding a better way to market an existing product/service?
