

WRITING PROMPT  
"Types of Payment"

We have learned different ways of being paid at a job or career: salary, commission, hourly wage, or per piece rate.

- 1) Which of these would you choose as a way to be paid if you were given an option?
- 2) Why?
- 3) Share at least one disadvantage of your choice, too.
- 4) Explain your response in no less than five (5) sentences.
